

2005 APPLICATIONS

This application chart shows the models and availability of the wearbars manufactured by Bottom Line Traction. Determine the make, model and year of the ski to get the wearbar number (*the number of studs is a cross reference to help determine the wearbar you have*). Look at the availability chart to determine which model of Bottom Line bar is available for that wearbar number.

Arctic Cat	
Bar No. 115, 3 studs	
Cheetah Touring	92 - 93
Cheetah 340 / 440 / 550	94
Cougar / Cougar MC / 2-UP	92 - 97
